and ready for shipment.

---

## FOREWORD

Clarence Peacock has built the Morlock Herd into one of the top herds in Ontario. He has put a lot of effort and hard work into his herd in the last 30 years.

Cattle from the Morlock Herd have done an outstanding job for everyone that has purchased them over the years.

This sale presents a wide variety of Dual Purpose Shorthorn Bloodlines. The milk production should be of interest to anyone needing milk in their herd. There are also many families suitable for the Beef Man.

There are cattle in this sale that have the substance, frame size and practical genetic make-up to help any Shorthorn or commercial breeder improve their herds.

After 20 years of personal friendship and business dealings with Clarence, I can assure you that you will be buying Honest Cattle, to do a great job for you.

Records over the years have proven that cattle purchased from complete dispersal sales have done the best job for the buyer.

Be with us on sale day and take home some breeding stock.

MAURICE KNOTT, Sales Manager

Welcome to Morlock Farm —

The Morlock Herd was started in 1946. It was on D.H.I.A. test from 1949 to 1953 when we went on R.O.P. and has since continued to test all cows and heifers on this plan.

We have been accredited and T.B. free since the start of the herd.

We have shown continually at the Canadian National Exhibition and the Royal Winter Fair since 1953. We have shown at most of the small shows throughout southern Ontario and also at Columbus, Ohio.

During this time we have culled very drastically for type and production, as our cattle had to produce or they were not retained in the herd.

It was hard for me to make this decision, but due to conditions beyond my control, I have decided to offer our complete herd for sale, so that you might have the opportunity to start where I have finished.

Thank You

Clarence A. Peacock

DREYMAUR LORD BARRINGTON — R.O.P. — A.D.G. 3.01, Yearling Wt. 930. Some of the younger heifers in the sale are sired by him. His oldest daughters are near completing their first records with over 10,000 lbs. of milk. We've sold a few of his calves to Bodmin Ltd., and they have been very successful on ROP beef testing programs. A truly "Dual-Purpose" breeding bull.

**TERMS** — Terms are cash, or cheque at par made out to Clarence A. Peacock unless other arrangements are made with the seller before the Sale. All payments will be made to the Clerk of the Sale and no release will be given until satisfactory settlement has been made. On all mail bids, cattle will be held until cheques are cleared.

**BIDS** — The highest bidder shall be the buyer. In case of dispute, the animal shall again be put up for advance bids and if there be no advance bid, the animal shall be sold to the person from whom the auctioneer accepted the last bid. Every animal is pledged to absolute sale and by-bidding is prohibited. Every animal must be transferred to the new owner.

**RISK** — All animals are at the purchaser's risk as soon as sold, but will be cared for during a reasonable length of time after the sale.

**ERRORS** — If errors are noted in the catalogue, announcements of corrections will be made from the auction stand, and such announcement will take precedence over the matter in the catalogue.

**CERTIFICATES** — Each animal is recorded, or will be recorded in the Herd Book of the Breed Association. (Transferred registry certificates will be forwarded to the purchaser of each animal).

**SHIPPING** — Assistance will be given in making shipment after the sale, but no risk is assumed by the Sale Management or Seller. Expenses incident thereto are for account of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

**IMMEDIATE DELIVERY UNLESS ARRANGMENTS HAVE BEEN MADE WITH THE SALES MANAGEMENT.**

#### **WARRANTIES:**

1. Each seller warrants clear title to the animal and right to sell same.
2. Unless otherwise noted in the catalogue or announced from the Auction Stand each animal is sold as sound.
3. Each animal is sold as a breeder subject to the following conditions:

##### **MALES:**

Bulls are sold as being able to serve and settle healthy females after reaching 14 months of age where the buyer has provided reasonable care and feeding. Should the bull prove to be a non-breeder, the buyer shall notify the seller in writing within four months after the bull reaches 14 months of age. The seller will then have the privilege of six months to prove the bull to be a breeder. In no case shall the seller be responsible for more than the selling price in making settlement to the buyer. Older bulls are warranted as breeders unless otherwise announced from the auction stand.

##### **FEMALES:**

Any female pregnant when sold or with calf at foot, or that has freshened normally within sixty days prior to the date of sale is by that fact considered a breeder. Should any female over 12 months of age, not pregnant when sold, fail to become pregnant within six months of the sale date, or by the time she has reached twenty-one months after having been bred regularly to a bull known to be a breeder and after having been treated by a licensed veterinarian, the matter shall be reported in writing to the seller who shall then have the privilege of six months time in which to prove the animal a breeder before refunding the purchase price. Females bred when sold are presumed to be pregnant but pregnancy is not guaranteed. Results of any pregnancy examinations will be announced, but no guarantee is given that the calf carried will not be mummified, or that a pregnant female will deliver live calves or that they will carry calves full time.

4. The seller is not responsible for damages caused by foreign bodies after the animal is sold, nor for sickness not apparent at sale time.
5. Above warranties cease when the animal is disposed of by the original purchaser.
6. Transportation charges on all animals subject to adjustment shall be paid by the shipper.

**ACCIDENTS** — Although every precaution will be exercised to protect the safety and comfort of guests, neither the Auctioneers, Owners nor Sale Management will be responsible for condition of the grounds or behavior of animals and disclaim any liability, legal or otherwise in the event of personal accident or property loss.

The above Terms and Conditions shall be a contract between the buyer and seller of each lot.
